Five Instant Love Spells

Love makes the world go around. NO one can survive without love. One of the most serious among illnesses that can affect people is Depression which is usually caused by a lack of love. People who are clinically depressed find no joy in life. Depression may be triggered by many events in life or it could be a gradual change in the person's emotional equilibrium. Either way, love for others and for themselves can easily bring the person back to the joyful state they were in.

Love spells are the most requested of all types of spells. This is because people can survive if there is love and trust and nothing much else. Money, illness, conflict, sorrow, etc can be eased in the presence of love.

Here are some simple love spells that bring results "instantly".

Aphrodite Spell

Make Aphrodite oil by mixing essential oil of Myrtle and essential oil of rose to sweet almond oil. Use this in a bath for an instant blessing from Aphrodite. If you wish, you may also massage a love candle with it and honor the Goddess by lighting the candle and petitioning her.

Adam and Eve Root Mojo hand Spell

Adam and Eve roots are a family of orchids that grow from conjoined roots. These roots take the form of female and male genitalia. These roots are believed to bring instant love to anyone who carries them around.

For an instant love spell, carry one pair of Adam and Eve roots in a charm bag. Occasionally take the roots out of the bag and hold them in your hand to charge them with your energy. No other botanicals should be placed in the same Mojo bag.

When you meet someone you love, you may give one root to them, the male root for a male lover and the female root for a female lover. You keep the other root securely.

Diana's love arrow Spell

Diana, the Roman Moon Goddess is believed to have excellent archery skills. This spell requires a fairly large field with a wet terrain. Since this involves a flame, take great care not to work this spell in dry weather. Diana would be terribly angry if you accidentally set fire to her forest.

Get a sturdy arrow. On a small piece of paper, write down your wishes for love. Affix this note to the sharp end of the arrow. Light the note and quickly shoot it towards the Moon.

Male Lovers Spell

For men who are attracted to other men, this is a love spell that will bring them together. Several herbs and roots have the capability to bring desire into the hearts of men. Examples of such herbs include Hyacinth, Sampson Snake root, and deer's tongue are believed to bring romance in such a situation.

To attract other men, carry three of these above mentioned roots in a charm bag. It is more effective if the charm bag is held close to the skin, like inside the underwear.

Aphrodite Rose Bouquet Spell

As most of us know, Roses are magick when it comes to romance. The combination of Roses and myrtle are even more powerful when it comes to attracting the one your heart yearns for.

For this instant spell, get a bouquet of roses and add some myrtle boughs to it. Go to your love's home and hand over this powerful bouquet to her (or him) while murmuring your dreams and wishes to Goddess Aprodite. Note what happens in the following days.
