Three Curses and Revenge Spells

These spells may come into the category of black magick if these are done to harm anyone. Sometimes, when the local law enforcement officers are corrupt, we may need to take the law into our own hands. These spells may be done in such as case without repercussions. Remember, if you harm anyone intentionally, you will hear from the Universe soon.

Stay Locked Up Spell

If someone is in prison for a crime they have committed and is trying to get out by unfair means, try this spell to keep yourself safe from harm.

Get the following items:

Brown paper and pen

Clear glass bowl

Black pepper, Cayenne pepper

1 nail

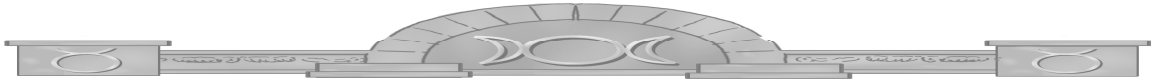

Ammonia

An old key

Write the person's name on the brown paper. Put it inside the bowl. Cover the paper with ground cayenne pepper and ground black pepper, the hotter the better! Now add the nail and cover everything in the bowl with Ammonia. Place the key in the bowl so that it stands leaning on the side of the bowl. Do not allow it to fall down. Every day at noon, turn the key a quarter-turn to keep this person in prison. Continue to do this until the threat is over.

Silly Putty Control Spell

Get some silly putty and with a small pin, write down the name of your target on it. Play with the silly putty, assuming that you are working on your foe and changing them into friendly, passive, unassuming folks. When you have completed your visualizations, throw the silly putty into a body of flowing water.

The target will be putty in your hands after this spell.

Coconut Hex/Evil Eye Reversal

For this spell, you will need a coconut. Hold the coconut in your hands and visualize the evil forces that are bothering you now passing on from your body through your hands into the coconut.

Imagine that the coconut's eyes are the Evil eyes that hold you prisoner. Imagine the coconut full of evil and grinning at you.

When the visualization is complete, open the door and forcibly throw down the coconut screaming "GET THE HELL OUT!" or whatever comes out of your mouth at that time.

Shut the door and go inside to perform cleansing and other protective rituals for yourself. This spell will remove the hex or evil eye that may have been put on you.
