Secrets Of Wicca Spells (And 3 Spells That Will Bend Your Fate, Bringing Love)

Tapping into the power of the hidden Magick energy swirling around you can bring many miracles into your life. One of the most sought after miracles, is that of love.

Love, romance, passion, and friendship. It is human nature to want to be loved, and the desire is deep – and it is full of strong emotion.

That is exactly why spells work so well to open doors of love all around you – bringing “chance” meetings with special people into your path in life. Love Magick basically uses your strong desire and emotion to influence Magick energy, and bring any kind of Love you are looking for.

The secret lies in being able to focus your desire and emotion through Love spells. It is easy to do, and you are going to be amazed at how fast it works. The more you desire love, and the more emotion you feel when imagining what it will be like to have someone – the more powerful the effects of your Love spell.

I am going to give you a few simple examples of wicca spells that you can practice on your own, but first I give you this strong word of warning:

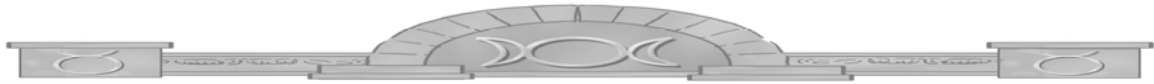

Using spells for love (or any other kind of spells) that effect someone else’s free will, can have some very bad outcomes. Please respect the power that you are capable of, and don’t try to altar these basic (but powerful) Love spells in any way.

Also, if you feel uncertain about casting spells at this point, please do not even try. Wait until you are comfortable with Magick, whether you let me teach you everything in my Witchcraft Home Academy In-A-Box, or you find another teacher.

Wiccan Self Love Spell

If you feel bad about yourself, no Love spell can help you. Oh, the Love spells will still bring opportunities for Love to you, but if you are not confident (because you don’t truly

Love yourself) – then you won't be able to do anything about the opportunities presented to you by Love Magick.

If you are not confident, look at only your faults, and have a negative view of yourself – this spell is your first step. Do it every day for a week to bring Self Love into your heart. Only then will you be on the road to finding true love with someone else.

Step #1:

First, of course, prepare your external sacred space, and cast your Magick circle around your altar. Then...

Step #2:

On a Sunday during the waxing Moon, in the fourth hour of darkness:

Light a white candle and another candle of your favorite color.

Place a pink rose in a vase of water next to the candles.

Step #3:

Place two halves of an apple before the candles.

Sit quietly before the candles. Feel yourself surrounded by pink light. Breathe the light.

Step #4:

Talk one half of the apple in your right hand. Pass it into your left hand.

Say Aloud:

"I honor and love myself as a whole being
I take delight in myself and I affirm
There is much love within me."

Step #5:

Eat the half of the apple that's in your hand. Leave the other half as an offering until the moon is full. Blow out the candles.

You will be amazed at how this first Wiccan Spell will increase the love you have for yourself. This is the basis of all Wicca (and Witchcraft) Magick.

Spell For Attracting Romantic Prospects

This simple spell will put a strong force of Magick Energy at work for you, even while you sleep. Your belief, desire, and focus will be set to work to influence your fate – bringing romantic prospects to you one after another, until a connection is made.

Don't let it's simplicity fool you – it works extremely well as long as you are familiar with all of the techniques I have shown you previously in this book.

First, of course, prepare your external sacred space, and cast your Magick circle around your altar. Then...

On a Thursday during a waxing Moon, in the first hour after sunset:

Light a purple candle and place it before a bowl of water.

Hold a mirror up to the candle, the water, and then to your face. Gaze into your own eyes. Concentrate on your beauty, your lovability, and your desirability.

Hold the mirror up to the candle again.

Say Aloud:

“In the grace of the universe
And in the abundance of love,
I affirm I am greatly desirable
And open to the bounty of love around me.
The flow of love, romance, and partnership is ever abundant,
And in line with the greater good, I create and attract romance.”

With your fingers, put water on the top of your head, in your mouth, and on your heart center. Blow out the candles.

Spell For A Long & Happy Relationship

When you have found someone special, someone you are falling in love with – this spell will increase the bond between you and that person.

It does not “force” the bond, but rather magnifies each of your good qualities so that the other can see them more easily. Once everything good about you is magnified, the other person naturally grows more and more fond of you.

First, of course, prepare your external sacred space, and cast your Magick circle around your altar. Then...

On a Friday during the third hour of darkness:

Place a potted cyclamen in the room, and water the plant.

Light three candles: deep red purple, and white.

Say Aloud: "I ask the goddess Branwen to bestow
True love on my union with (insert name)."

Breathe your love into your heart. Place the red candle in front of the other candles.

"I ask that this be done for the greater good/
So be it.
And so it is."

Gaze at the flames in each candle, and when you are ready, blow them out.

Love Magick Summary

Remember that it is important for you to be grounded in the basics of Magick and Witchcraft before you attempt any serious Love Magicks. Because desire and emotion are tied so strongly to Love, the spells can have some unpredictable results if you haven't practiced the basic secrets of real Witchcraft.

My Witchcraft Home Academy will Not only will you get step-by-step guidance on almost every part of Witchcraft, but I will hold your hand through 7 DVD's of Magick demonstrations (including dozens of Basic, Intermediate, and Advanced love spells for almost every need and desire)

And please remember the section on your Witchcraft ethics and responsibilities. Think twice before EVER casting a spell to affect someone's free will. It really can come back to haunt you later in life (in the form of frustrated relationships, bad "karma" and other unpredictable things).
